

School Administration

Notification of **positive** COVID-19 in a visitor, student, employee

Notification of student or employee **tested** for COVID-19

Student or staff develop COVID-19 **symptoms** while at school. For student, call parent/guardian

School compiles list of **Close Contacts**. School coordinates with NETCHD.

Individual isolates while awaiting test results. Follows "[What to do if you have confirmed or suspected COVID-19](#)"

Use PPE and isolate individual. Provide "[What to do if you have symptoms of COVID-19](#)"

Clean and disinfect the area

School or NETCHD notifies **Close Contacts** of potential COVID-19 exposure and provides "[What to do if you were potentially exposed to someone with COVID-19](#)" Those confirmed as close contacts are informed of 14-day quarantine requirement.

Positive Test

Negative Test

Provide advice to be tested

If not tested, then

Exclude until 24 hrs elapsed with no fever AND 10 days from symptom onset AND symptoms improve.

NETCHD conducts case investigation and requires individual to isolate through infective period.

No symptoms but close contact with COVID-19 confirmed case: Individual to quarantine for 14 days from date of last exposure.

No current symptoms and no close contact: may return to school when 24 hrs elapsed with no fever.

Symptomatic but no close contact: must stay in isolation until 24 hrs elapsed with no fever. Follow school policies/procedures for illnesses

Symptomatic and close contact: Considered probable case. Advise contacting healthcare provider regarding additional testing. Exclude until 24 hrs elapsed with no fever AND 10 days since symptom onset AND symptom(s) improve.
